

1st Session

Introduction to Programming

Data types

1- What is programming

سؤال

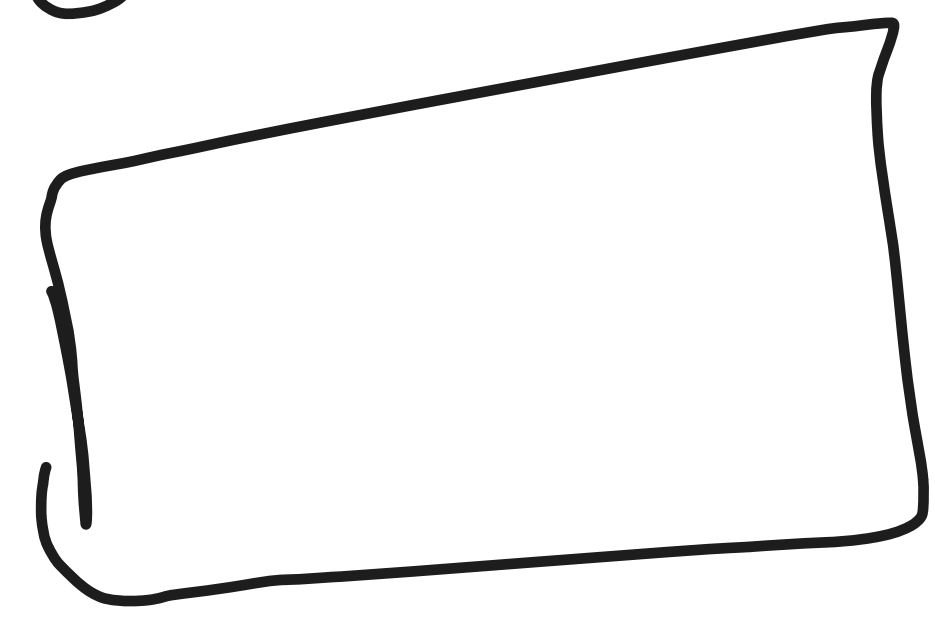

Program / Script

- 1- تعريف 2- مكونات 3- نوع 4- تطبيق } مقدمة

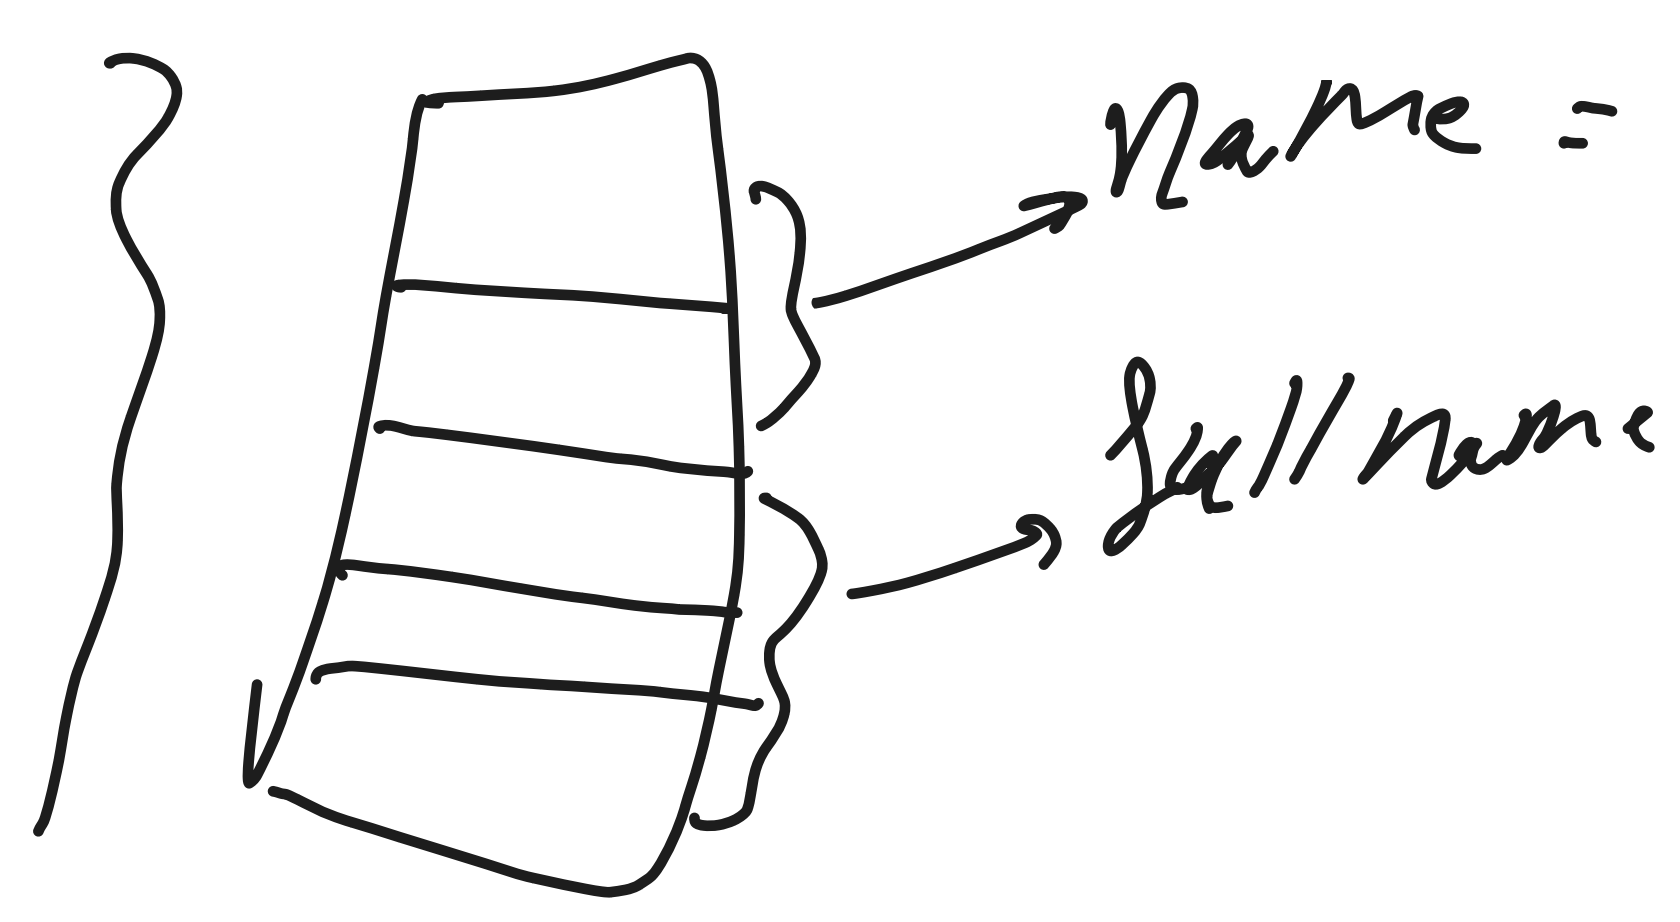

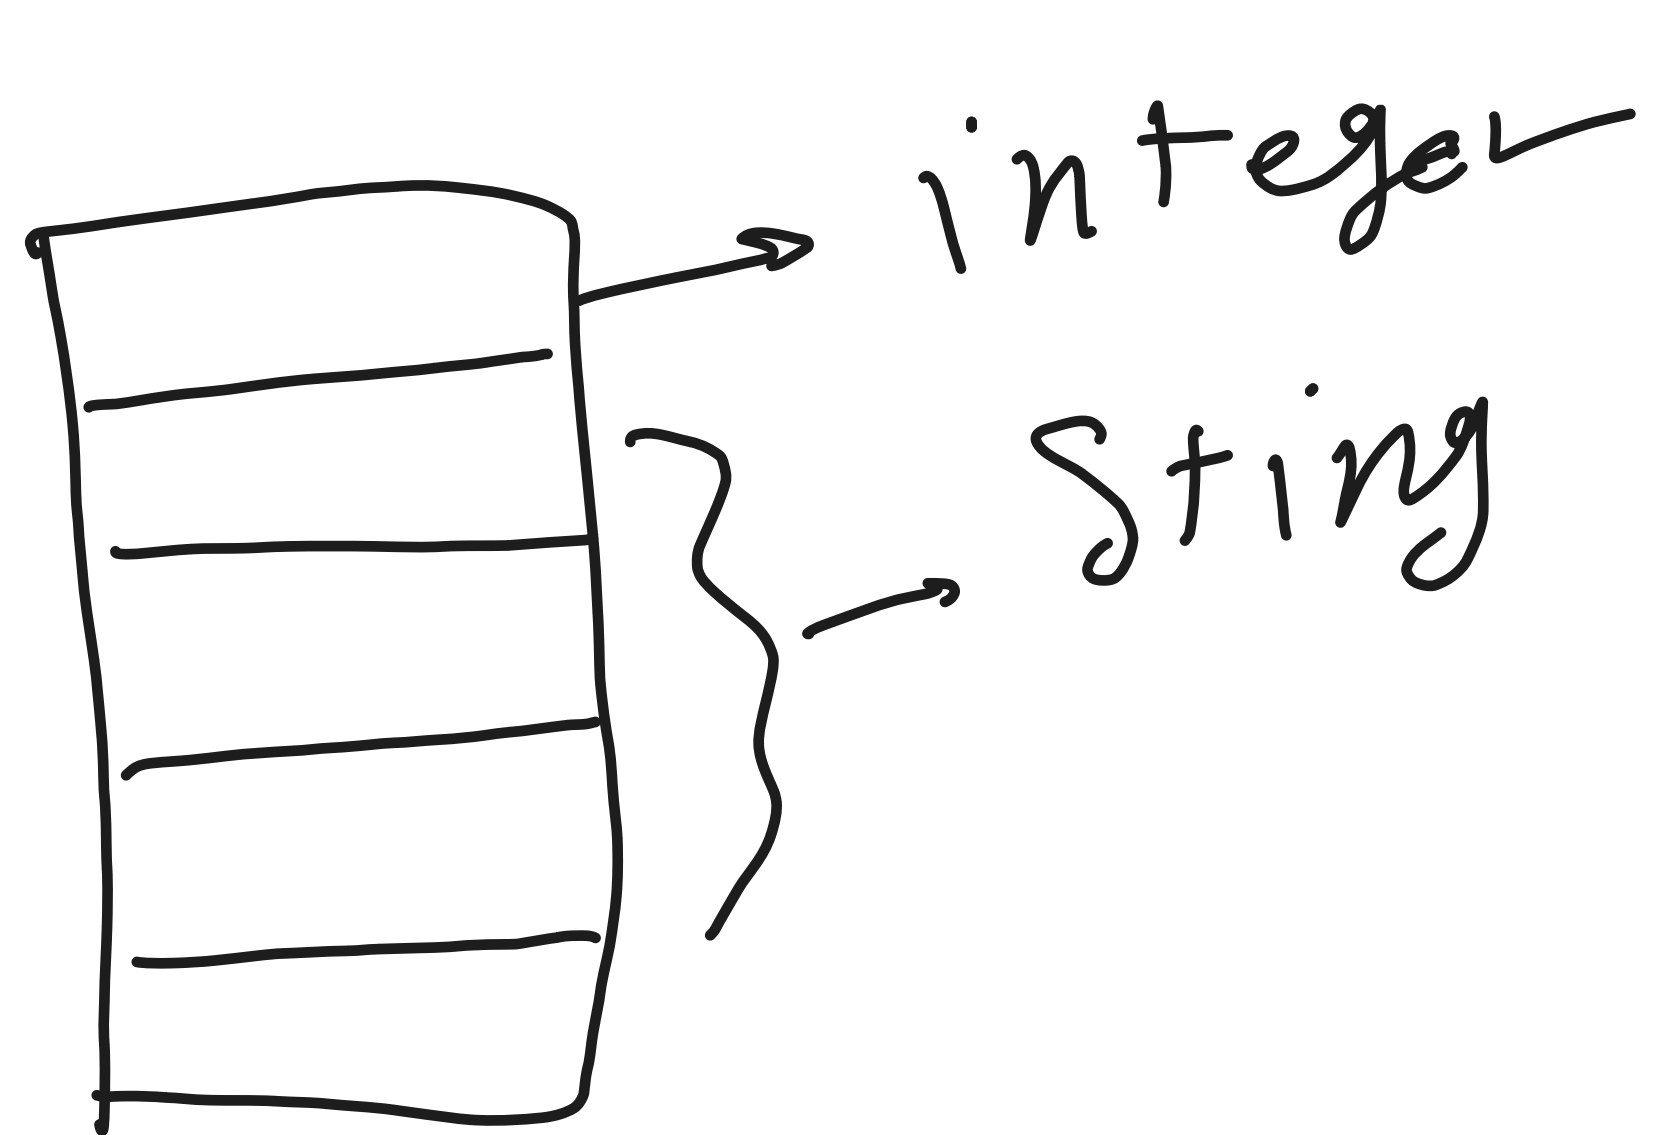

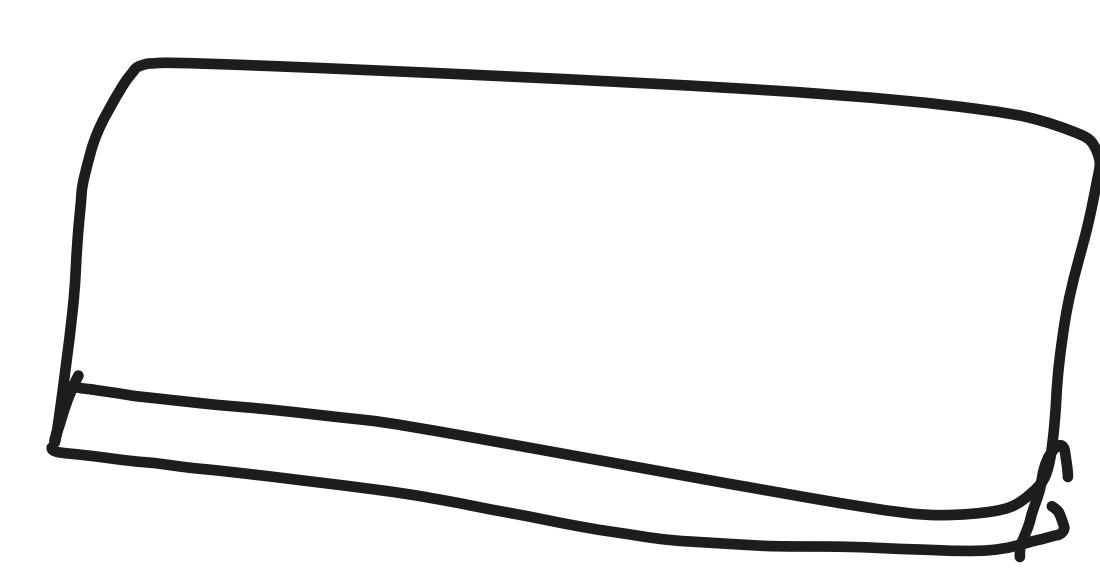

Why C++

- 1- CS majors
- 2- Static language

Static
لا يتغير النوع

Dynamic
النوع يتغير

Compiler

mingw

Code "Human lang"

↓
"machine lang"

Math ⇒ ref

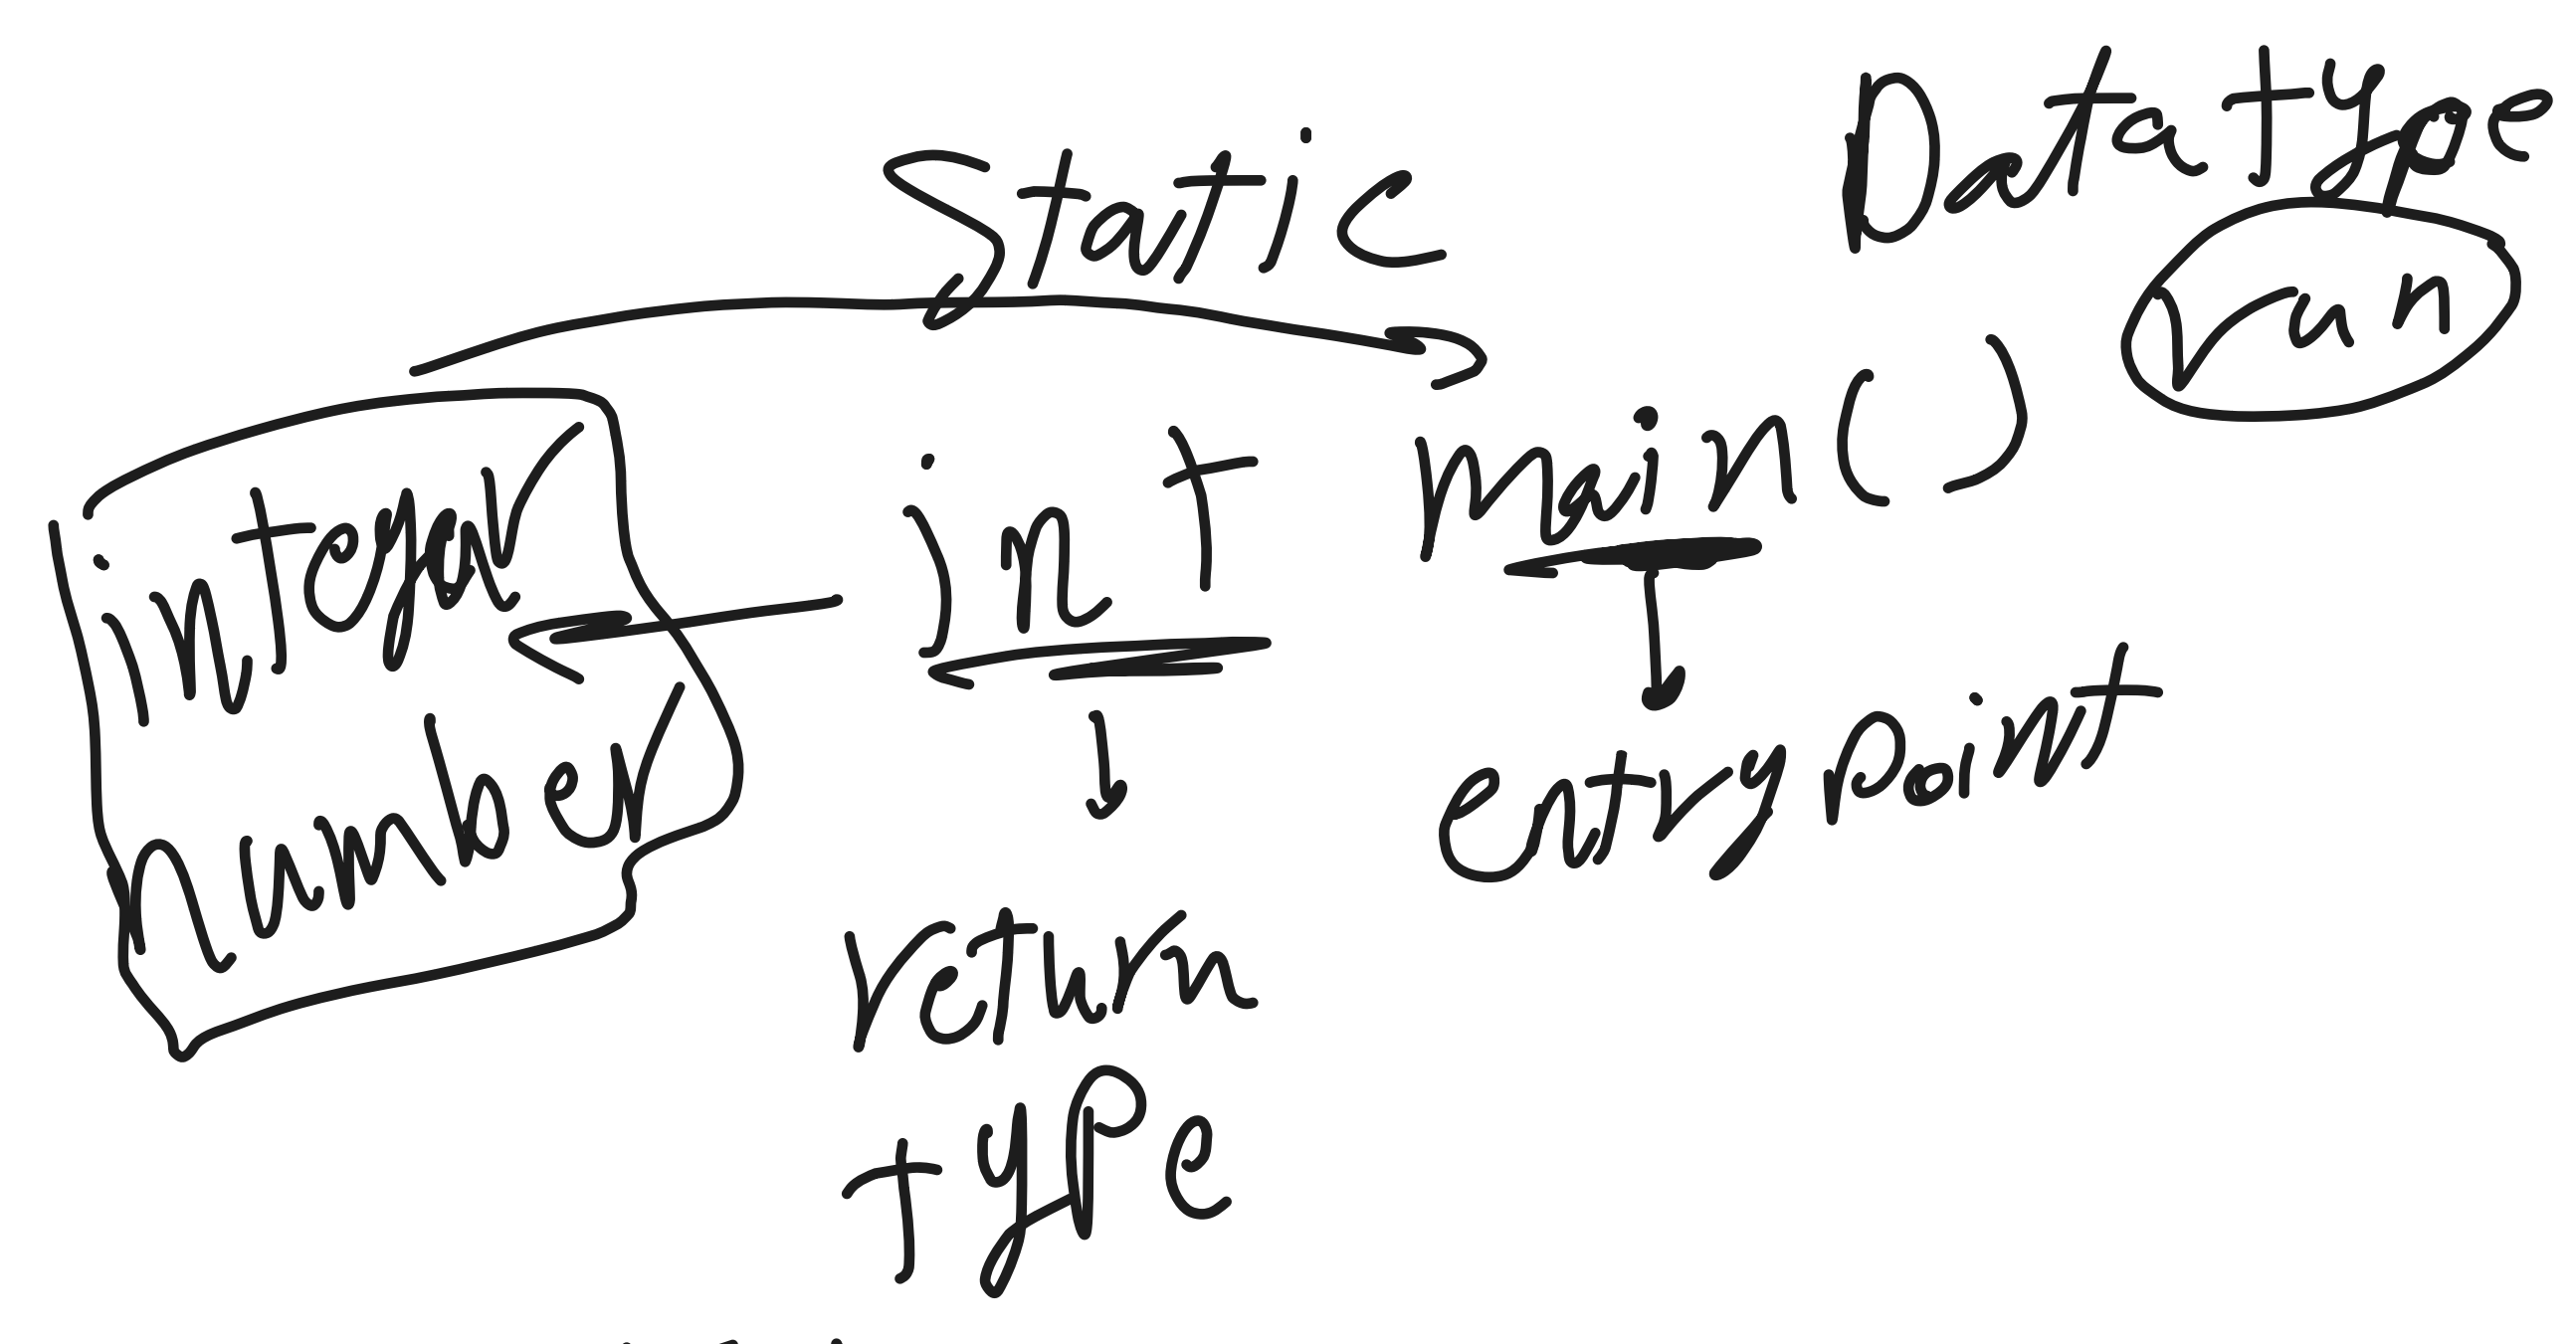

#include <iostream>

importing
library

input/output

cout cin

2nd Session

Vars Datatypes
inputs
conditions

using namespace std;

cout

class

// comments
